# Santa Fe Drive Corridor Improvements Western Phase

Post-Construction  
Community Meeting  
May 13, 2025

# Project Overview

## Santa Fe Drive Corridor Improvements

# HSIP, CDBG & ATP Grant Features

The scope of the approved grants included the following:

- Bike lanes where missing
- Fill in sidewalk gaps
- Mid-block crossing at the High School (HSIP)

In 2020, CDBG/ATP/HSIP Santa Fe Projects were combined into one (1) Project (CS19E)

- City Council approved design contract with TetraTech Inc. in April 2020
- Two (2) Focus Group Meetings held in late 2020 for Design Input (10 resident participants & 5 City staff/consultants attended)

# Community Requested Design

Through public meetings, staff received public input and City Council direction to complete a 30% design which included:

- Protected intersections
- New sidewalks
- Streetscape design with landscaping
- Stormwater improvements
- Roundabout at Crest Drive
- Mid-block crossing signal at SDA
- Added parking by SDA

# Western Phase

## Originally Proposed Improvements:

- Separated Bike Lanes
- Connective Sidewalk
- Landscaping/Drainage Improvements
- Signal & Pedestrian Upgrades at Nardo/Mackinnon & Bonita/Windsor
- Crossing at SDA
- Increased Parking Capacity
- E-W Dedicated Bus Stops

# Concerns Prior to Construction

Lack of pedestrian facilities & traffic calming

# Concerns Prior to Construction

Parked cars blocking Bike Lane

Bike Lanes with no buffer or protection

# Western Phase Construction

Before

After

New Walkway & Bike Path - facing west towards Windsor Ave

# Western Phase Construction

Before

After

Back-in Parking & Planter Areas –south side of Santa Fe Drive, facing west

# Western Phase Construction

Before

After

New westbound Separated Bike Lane - Santa Fe Drive, facing east

# Western Phase Construction

Before

After

New eastbound Separated Bike Lane, Sidewalk & Bio-Basin - on south side of Santa Fe Drive, facing east

# Western Phase Construction

Before

After

New Elevated Bike Lane & Sidewalk – south side of Santa Fe Drive, facing west from Nardo/Mackinnon

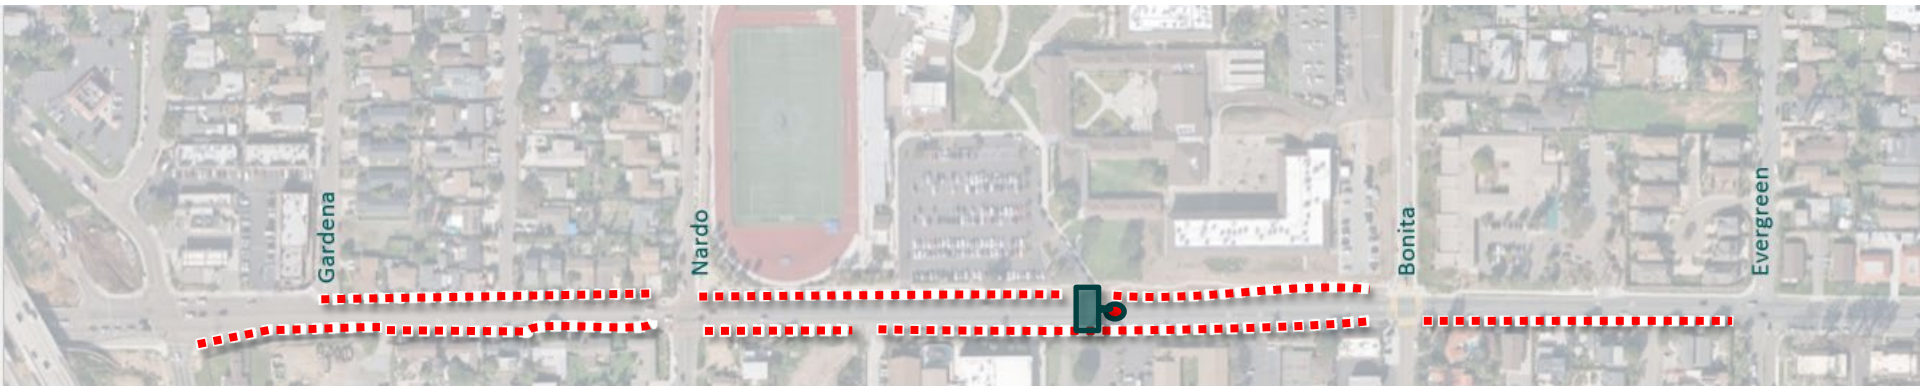

# Current Configuration – Interim Condition

## Completed

- Contiguous Sidewalk from Interstate-5 to Evergreen Drive
- Separated Bike Lanes adjacent to SDA Campus
- NCTD Bus Stops for E-W Travel
- Reverse-Angle Parking Stalls
- Striping Enhancements
- Landscaping/Irrigation
- RRFB Mid-Block Crossing at SDA

## Not Completed

- Intersections Improvements at Nardo/Mackinnon & Bonita/Windsor

 Separated Bikeway (Class IV) & Continuous Sidewalk

 Rapid Rectangular Flashing Beacon Crossing

# Required Modifications

## 1. Signal Improvements

- Straight Bike Lanes across each intersection
- Upgraded ADA compliant curb ramps

## 2. Parking Cut Throughs

- Pedestrian access at each parking stall

## 3. Mail Delivery

- Install Cluster Mailboxes in (3) locations
- Restore mail delivery for affected Santa Fe residents

# Other Potential Changes

## 1. Parking Layout

- Modifying planters/stripping to allow Head-in or Parallel Parking

## 2. Lane Widths

- Increase travel lane widths to 11-ft or 12-ft

## 3. Bike Separation

- Reconstructing an at-grade bike lane adjacent to the Eastbound Travel Lane
- Remove bollard-protection at bike lanes

## 4. Landscaping/Bio-Retention

- Remove planter areas on the South side of SFD

## 5. Pavement Condition

- Slurry seal entire segment

# Going Forward

- Please complete the Online Survey by Friday, May 16<sup>th</sup>!
- Staff will compile all comments from Survey and Tuesday, May 13 Public Meeting
- Staff to bring Survey results and comments to City Council on Wednesday, May 28<sup>th</sup>
- Staff to receive direction from City Council

# Public Comments

- Physical Comment Cards available – Turn in at the welcome table.
- Please fill-in a speaker slip if you'd like to make a public comment.
- Staff will take notes of recommendations & provide responses at conclusion of public comment period
- Please remember to Sign-in at the Welcome Table!
